MEMORANDUM FOR THE SECRETARY OF STATE
THE SECRETARY OF DEFENSE
THE DIRECTOR OF CENTRAL INTELLIGENCE
THE CHAIRMAN, JOINT CHIEFS OF STAFF
THE DIRECTOR, ARMS CONTROL AND DISARMAMENT AGENCY

SUBJECT: Arms Control Support for the Senior Arms Control
Policy Group (S)

Preparation for my meeting with General Secretary Gorbachev in Geneva in November will require effective coordination of all arms control negotiations and related activities. As I directed in NSDD 183, overall preparation for this meeting, including its public diplomacy aspects, will be coordinated by my Chief of Staff and the Assistant to the President for National Security Affairs. The Senior Arms Control Group can anticipate an enhanced schedule throughout this period in order to guarantee that important and complex substantive arms control issues receive timely and careful consideration and that public diplomacy is consistent with and supportive of our arms control objectives. (U)

Whether the Soviet Union undertakes serious negotiating initiatives in the various negotiating fora or not, we can expect a number of fast breaking events and significant arms control milestones throughout the next several months. To assist the Senior Arms Control Group in its endeavors to make certain that the U.S. Government is well prepared for all major contingencies, I hereby establish an Arms Control Support Group. This group, chaired by the National Security Council Staff, will prepare sensitive contingency planning materials to be considered by the Senior Arms Control Group and will perform such other related tasks as the Assistant to the President for National Security may deem necessary. (S)

The Secretaries of State and Defense, the Director of Central Intelligence, the Director of Arms Control and Disarmament, and the Chairman of the Joint Chiefs of Staff should arrange with the Assistant to the President for National Security Affairs for a single highly qualified, personal representative to participate in this effort. (S)
